Cantril, H., 104 n. 3
Catholic Mother's Group, 31
Ceremonials, *see Mete·wen, Ni·mihetwan*, Peyote cult.
Cese·ko (shaking tent rite), 15, 43, 54, 71
Chief, power of, 15
Child training, elite acculturated group, 56; native-oriented group, 46, 47; punishment, 17; reincarnation beliefs, 17; weaning, 17; *see also* Education
Chi-square, 11, 36; applied to sociocultural indices, 40
Configurative approach, 11
Contagious magic, 82
Cottrell, Leonard, 104 n. 3
Coutu, W., 104 n. 3

Dawn woman, 30, 62
Degree of blood, elite acculturated, 51
Doctoring (shaking tent rite), 43
Dream Dance (*ni·mihetwan*), 18; women's participation in, 29
Dreams, as a means of social control, 46, 47; among elite acculturated, 58; similarity to Algonkian puberty dream, 41
DuBois, Cora, 52, 105 n. 22

Education, aboriginal, 17; amount of on reserve, 24; at puberty, 45; elite acculturated group, 52, 53; native-oriented group, 46, 47, 48; *see also* Peyote cult, Transitional category
Elders, fear of, 40
Elite acculturated group, male-female differences, 55; male-female psychological differences, 61; psychological characteristics of, 60; role-taking (mother), 55, 56, (social participant), 57, (wife), 56, 57; value orientations, 51–53
"Exact method" formula, 104 n. 10
Expressive autobiographical interview, as a method, 9; source for value orientations, role-taking processes, 10

Fasting, 38
Field techniques, 6, 7; autobiographic interviews, 7; sampling, 7; *see also* Sample, Expressive autobiographical interview
French, contact with Menomini, 19, 25
Freud, Sigmund, 104 n. 3
Fur-trade, effects of, 19, 20

Goldschmidt, Walter, 104, n. 11
Gossip; attitude towards, 42, 43; avoidance of, 49; elite acculturated, 59
Gray, Julie, vi
Group participation, Dream Dance-Medicine Lodge, 29; elite acculturated group, 31, 58; lower-status acculturated, 30, 31; peyote cult, 29, 30; transitional group, 30
Group profiles, construction of, 11
Guardian spirits, 42
Guiding questions for research, 4, 5
Guilt, lack of, 47

Hallowell, A. Irving, vi, 2, 15, 35, 98
Hoffman, W., 104 n. 12
Housing, distribution, 23, 24
Hunting and gathering, 22

Indian medicines, 72, 78, 81, 86
Interview materials, method of gathering, 9
Intratensive-extratensive (Rorschach indices) 105 n. 25
Iroquoian influences, 15

Jouvency, Father, 15

Keesing, Felix vi, 18, 104
Keesing, Marie, vi
Kelley, Douglas, 104 n. 9
Kese·manelo·w, 19, 63
Keshena, 21
Klopfer, Bruno, 104 n. 9
Kluckhohn, Clyde, 2, 104 n. 2, 105 n. 22
Kluckhohn, Florence, 53, 104 n. 2, 105 n. 22

LaBirge, Dave, vi
Landes, Ruth, 16
Latescent, 39, 44, 50; type social interaction, 34, 87, 89
Lindesmith, A., 104 n. 3
Lower-status acculturated, association between value orientations and perceptual structure, 90; male-female value differences, 84; middle class orientation, 81; perceptual structure, 90; range of adaptations, 77; respect for elders, 81; relationships between perceptual structure, role-taking, values, 91; role-taking, 84, 85; value orientations,

77, 78; value retentions, 78; witchcraft, 78, 79, 82
Lumbering, 21

Macleod, R., 104 n. 3
Marriage arrangements, 40, 42, 79
Male-female differences, Peyote cult, 69; social, cultural, psychological, 97, 98; value retentions, 72
Mead, George H., 3, 104 n. 3
Medicine bundles, 43
Medicine lodge, initiation into, 81; meetings, 81
Menomini, history, résumé of, 19–29; language, 44, 55, 105 n. 19; medicines, 41
Menstrual taboos, 16, 17, 38, 39, 41, 42, 43
Mesa·hkatɛwɛ·w, 38, 63
Metɛ·wen, 15, 18, 43; women's participation in, 29, 30; *see also* Medicine lodge
Middle class values (lower status acculturated), 88
Modal cases, 49, 50
Modal class, description of, 35, 36; distribution of, 35
Modal perceptual structure, description of, 10, 35, 36; congruency with group profiles, 10

Native-oriented group, perceptual structure, 34; role-taking, 34; value-orientations, 33, 38, 39, 40
Neopit, 21
Newcomb, Theodore, 44

Occupational structure, women's jobs, 24, 25
Ojibwa, comparisons of Rorschachs with Menomini, 36
Ojibwa woman, 98
Owl, threat of, 45

Pagan, 38
Perceptual structure, comparisons of group with modal profile, 3, 4; configurative approach, 11; construction of psychogram, 3, 4; definition and derivation of, 3; elite acculturated, 34, 59–61; group differences, 90; interpretations of Rorschach scores, 3; native-oriented group, 34, 49, 50; *see also* Peyote cult, Transitional category, Lower status acculturated.
Peyote, as a medicine, 30, 43, 67
Peyote cult, curing, 30; female participation in, 62; introduction of, 19; male-female psychological differences, 69, role differences, 30; menstruation taboo, 62; perceptual structure, 68; role-taking (mother), 66, (wife), 65, 66; value orientations, 62, 63; visions, 66; witchcraft, 64
Population, distribution of, 22, 23
Power, 38; gaining of, 16; loss of, 39, 47
Protestant ethic, lower-status acculturated, 83
P____'s Tavern drinking crowd, 31
Psychograms, construction of, 3, 4
Psychological characteristics, native-oriented women, 50
Psychological homogeneity of Northeastern area, 15, 16
Purposive sampling, 104 n. 5

Radin, Paul, 41
Rapport with informants, 6
Reincarnation, 40, 46
Research design, comparison with G. Spindler's, v; statement of dimensions, v
Reservation, area of, 21
Respect for elders, lower-status acculturated, 81
Retribution (lower-status acculturated), 83
Rituals, *Cese·ko*, 15; *Mesa·hkatɛwɛ·w*, 38; *Metɛ·wen*, 15; *Wa·beno*, 15
Roles, values, perceptual structure—interrelationships, 94, 96, 97
Role-taking, latescent character of, Peyotists, 65; male-female differences, 36, 37, 44; native-oriented (mother) 41, 44, 45, (social participant), 45, (wife), 45; *see also* Transitional category, Lower status acculturated, Elite acculturated
Rorschach: determinants, 10; interpretation of, 3, 10; male-female comparisons, 36, 37; modal profile, 10; sampling techniques, 10
Rorschach statistics, chi-square, 11; "exact method" of determining probability, 11; group profiles, 11; modal profile, 10

Sample, of autobiographies, 8, 9; selection of, 7
Sargent, S., 104 n. 3
Satterlee, J., 104 n. 17
Schaubel, Mrs. L. A., vi
Sex, elite acculturated group, 53, 57, 58
Shaking tent rite, 15
Sherif, M., 104 n. 3
Siegel, Bernard, vi
Skinner, A., 104 n. 12, 17
Slotkin, J. S., vi, 62
Snake-in-the-bag trick, 54
Sociocultural indices, code for, 101–103; description of, 11–13; field schedule of, 100; statistical treatment of, 12, 13, 25, 26, 27
Social interaction, elite acculturated, 58
Social isolate, transitional, 75
Social mobility among women, 27, 28, 29
Social self, definition of, 3; *see also* Role-taking
Social structure, 27–32
Sociocultural adaptations, summary of continuum, 1
Sociocultural categories, delineation of, 4; *see also* Elite acculturated, Lower-status acculturated, Native-oriented, Peyote cult, Transitional category
Sociocultural continuum, 25, 26, 27; with respect to material aspects, 23

Specific values, 105 n. 26
Spectator type role-taking, native-oriented, 37
Spindler, George D., v, vi, 10, 11, 13, 15, 35, 40, 44, 52, 61, 62, 68, 69, 72, 77, 104 nn. 1, 11, 12, 14, 16, 105 n. 21
Spindler, Louise S., 13, 35, 40, 69, 82, 83, 100, 104 n.n. 8, 11, 105 n. 20
Spindler, Louise and George, 37
Spirits, *Kese·maneto·w*, 19; shaking tent rite, 43
Statistics, tetrachoric correlation coefficient, 12, 13
Status symbols, preoccupation with among elite acculturated, 53, 54, 55, 59
Strauss, A., 104 n. 3
Superstition, elite acculturated, 54
Systematic deviation (Peyote cult), 68

Tetrachoric correlation, 4
Thompson, Laura, 99
Transitional category, lack of motivation, 73; marriage arrangement, 71, 72; menstruation taboos, 71; perceptual structure, 75, 76; respect for elders, 71, 72; role-taking (mother), 73, 74, (social participant), 74, (wife), 73; use of Indian medicines, 72; value orientations, 70; witchcraft, 71
'T" test, for age differences, 7
Tuscarora, comparisons of Rorschachs with Menomini, 36

Value indices (continuum of), 92
Value orientations, definition of, 2, 4; elite acculturated, 34; native-oriented, 33, 34; *see also* Peyote cult, Transitional category, Lower-status acculturated category
Values, male-female differences, 44
Values, roles, perceptual structure—relationship chart, 94, 95, 96
Visions, 78
Vogt, Evon, 33, 99, 104 n. 2

Wa·beno cult, 15
Wallace, Anthony, 10, 35, 36
Warner, L., *et al*, 23
Williams, Robin, 105 n. 22
Windigo starvation psychosis, lack of, 15
Witch bag, 49
Witchcraft, beliefs, 17, 18, 30, 38, 154; among lower-status acculturated, 79, 80, 82; among native-oriented, 41, 42, 43; therapeutic value of, 71; among transitional category, 75
Women's roles, 16

Zelditch, M., 98, 99
